

2006 WATER SYSTEM PLAN CITY OF FERNDALE

TABLE OF CONTENTS

SUMMARY		S-1
Attachment 2: Municipal Water Law Water System Plan/ Small Water System Management Program General Approval Checklist		S-3
Attachment 9: Water Reclamation Checklist for Systems with 1,000 or more Connections		S-6
CHAPTER 1: DESCRIPTION OF WATER SYSTEM		
1.0	Introduction	1-1
1.1	Ownership and Management	1-1
1.2	System Background	1-2
1.3	Inventory of Existing Facilities	1-4
1.4	Related Plans	1-7
1.5	Existing Service Area Characteristics	1-8
1.6	Future Service Area	1-9
1.7	Service Area Agreements	1-9
1.8	Service Area Policies	1-9
1.9	Conditions of Service	1-12
1.10	Complaints	1-13
1.11	Duty to Serve	1-13
CHAPTER 2: BASIC PLANNING DATA AND WATER DEMAND FORECASTING		
2.0	Introduction	2-1
2.1	Current Population, Service Connections, Water Use and Equivalent Residential Units	2-1
2.2	Projected Land Use, Future Population & Water Demand	2-8
2.3	Water Rights	2-16
CHAPTER 3: SYSTEM ANALYSIS		
3.0	Introduction	3-1
3.1	System Design Standards	3-1
3.2	Water Quality Analysis	3-3
3.3	System Description & Analysis	3-4
3.4	Summary of System Deficiencies and Improvements	3-10
CHAPTER 4: CONSERVATION PROGRAM SOURCE ANALYSIS		
4.0	Introduction	4-1
4.1	Conservation Program Development & Implementation	4-1
4.2	Source of Supply Analysis	4-4
4.3	Water Right Evaluation	4-5
4.4	Existing and Proposed Interties	4-6

CHAPTER 5: SOURCE WATER PROTECTION

5.0	Introduction	5-1
5.1	Wellhead Protection Program	5-2
5.2	Watershed Control Program	5-2

CHAPTER 6: OPERATION AND MAINTENTANCE PROGRAM

6.0	Introduction	6-1
6.1	Water System Management and Personnel	6-1
6.2	Operator Certification	6-1
6.3	System Operation and Control	6-2
6.4	Comprehensive Monitoring Plan	6-7
6.5	Emergency Response Program	6-10
6.6	Safety Procedures	6-11
6.7	Cross-Connection Control Program	6-12
6.8	Customer Complaint Response Program	6-12

CHAPTER 7: DISTRIBUTION FACILITIES DESIGN AND CONSTRUCTION STANDARDS (Currently under revision by the City)

7.0	Introduction	7-1
7.1	Project Review Procedures	7-1
7.2	Policies and Requirements	7-3
7.3	Design Standards	7-4
7.4	Construction Standards (Materials and Methods)	7-5
7.5	Construction Certification and Follow-Up Procedures	7-9

CHAPTER 8: IMPROVEMENT PROGRAM

8.0	Introduction	8-1
8.1	Prioritizing Improvements	8-1
8.2	Capital Improvement Schedule	8-7

CHAPTER 9: FINANCIAL PROGRAM

9.1	General Discussion	
-----	--------------------	--

APPENDIX

A.	Agency Comments	
B.	WFI, Ordinances	
C.	SEPA	
D.	Consistency	
E.	Cross Connection Control	
F.	Construction Standards	
G.	Hydraulic Analysis (Located in a Separate Book)	
H.	Water Quality	
I.	Water Rights	
J.	Treatment Plant	
K.	Interties
